School vision	School values	Context and challenges	Intent, rationale and focus
<p>Our School Vision of 'BE YOUR BEST' was identified and has become an important guide in every aspect of school life at Woodlands. Over the period from our last review this vision has developed into a belief, attitude, philosophy and way of thinking which encompasses everything that we do and at every level.</p>	<p>Our school provides a welcoming, friendly and caring learning environment where individuals are encouraged to live by the values reflected in our school house names; Loyalty, Friendship, Endeavour and Perseverance.</p> <p>We are committed to working with the broader school community to provide a supportive and innovative learning environment where students' individual needs, skills and talents are catered for.</p> <p>Our aim is for our students to leave Woodlands as responsible, confident and caring students who have high self-esteem, self-discipline and respect for others and to be well-informed members of their community.</p>	<p><i>Context</i></p> <p>The school enrolment continues to increase with numbers reaching the 888 student mark in 2017. In 2018 the school will reach its desired enrolment of approximately 900 students and therefore is no longer in 'growth mode'. A zone has been established to assist with the increase in enrolment demand from students residing outside of the local area. Based on the school's Student Family Occupation and Education index Woodlands' Overall Socio-Economic Profile sits in the Low-Medium range.</p> <p>Woodlands boasts functional, well maintained, attractive and well-equipped buildings that blend into the bush land setting. Many of the 38 classrooms can operate as open double rooms to enable staff to team-teach. All classrooms have interactive white boards or televisions, iPads, laptops and desktop computers for individual or small group use. Specialist facilities include a large Resource Centre that incorporates a computer lab, library and teacher resources; a Performing Arts Hall incorporating music, media, LOTE and art rooms; a Stadium with a basketball court, change rooms, kitchen and science room; two synthetic sports fields and two outdoor basketball courts; an intervention centre, staff and administrative facilities.</p> <p><i>Challenges</i></p> <p>Woodlands has long been a high achieving primary school consistently producing pleasing student achievement data. The challenge for the school moving forward is to improve on these results whilst maintaining an innovative and engaging program for all students. Ensuring consistency of practice amongst such a large team of teachers remains a challenge. Continuing to grow our teachers' Professional Learning Program remains a priority.</p>	<p><i>Intent</i></p> <p>To enhance Woodlands' reputation as a high performing primary school in all areas and strengthen the relationship between the parent community and the school.</p> <p><i>Rationale</i></p> <p>Woodlands Primary School views the relationship between home, school and the broader community as an integral part of its success. Research suggests that when parents positively engage with the school and in their children's education, the result is an increase in student achievement and an improvement of students' attitudes. Positive partnerships between schools, family and the community also provide a strong network of connections that can help protect young people against a range of harms including those associated with drugs, emotional distress and problem behaviours.</p> <p>Effective teaching is the single biggest determinant of student improvement in the school. Teachers not only have a direct impact on student achievement but also student engagement and motivation for learning. What teachers do in the classroom and how they interact with students is vital.</p> <p><i>Focus</i></p> <p>Excellence in teaching and learning</p> <ul style="list-style-type: none"> - Building practice excellence - Evidence based high impact strategies <p>Positive climate for learning</p> <ul style="list-style-type: none"> - Empowering students and building school pride - Setting expectations and promoting inclusion - Health and wellbeing <p>Building Communities</p> <ul style="list-style-type: none"> - Parents and carers as partners

Four-year goals (for improving student achievement, engagement and wellbeing)	Improvement Priorities, Initiatives and/or Dimensions	Key improvement strategies	Targets (for improving student achievement, engagement and wellbeing)																
To increase student achievement in the areas of English and Mathematics through improved teaching and learning, with a particular focus on high achieving students.	<p>Excellence in teaching and learning Building practice excellence Evidence based high impact strategies</p>	<ul style="list-style-type: none"> Establish a Professional Learning steering committee to evaluate and monitor the Professional Learning Program and make changes where required. Provide all staff with regular professional development in the areas of English, Mathematics and challenging learning. Continue to provide opportunities for the moderation of student work to support consistent teacher judgment of student assessment and alignment with NAPLAN results. Put a greater emphasis on unpacking student data to help identify trends and evaluate the impact of programs on student outcomes. Develop and provide all staff with school wide continuum documents in the areas of English and Mathematics and provide PD on how to use these for effective differentiation. 	<p>Woodlands PS Matched Cohort (Yr 3 – Yr 5) NAPLAN data to show the proportion of students with high learning gain to exceed that of similar schools.</p> <p>The proportion of students in the top two bands (NAPLAN Yr 3 & Yr 5) as detailed in the table below.</p> <table border="1" data-bbox="1554 347 2074 523"> <thead> <tr> <th>NAPLAN</th> <th>Reading</th> <th>Writing</th> <th>Numeracy</th> </tr> </thead> <tbody> <tr> <td>Proportion of Year 3 students in top two bands</td> <td>55%</td> <td>70%</td> <td>40%</td> </tr> <tr> <td>Proportion of Year 5 students in top two bands</td> <td>40%</td> <td>30%</td> <td>55%</td> </tr> </tbody> </table> <p>The performance and development program will be rated at the level of embedding (FISO) in:</p> <ul style="list-style-type: none"> Seeking feedback Focus on student learning Collaboration between teachers Extending opportunities for professional learning 	NAPLAN	Reading	Writing	Numeracy	Proportion of Year 3 students in top two bands	55%	70%	40%	Proportion of Year 5 students in top two bands	40%	30%	55%
