## SCHOOL PROCEDURES FOR THE BUSHFIRE SEASON

Fire danger ratings and warnings are used in Victoria to provide clear direction on the safest options for preserving life. Schools and children's services listed on the DET Bushfire At-Risk Register (BARR) will be closed when a Code Red fire danger rating day is determined in their Bureau of Meteorology district. **Our school has been identified as being one of those at high bushfire risk and is listed on the BARR.**

Where possible, we will provide parents with up to four days notice of a potential Code Red day closure by letter and via Compass. Code Red day will be determined by the Emergency Management Commissioner no later than 1.00 pm the day before the potential closure. Once we are advised of the confirmation of the Code Red day we will provide you with advice before the end of the school day.

**Once confirmed, the decision to close will not change, regardless of improvements in the weather forecast.** This is to avoid confusion and help your family plan alternative care arrangements for your child. It is also important to note that:

- No staff will be on site on days where the school is closed due to a forecast Code Red day.

School camps will be cancelled if a Code Red fire danger rating day is determined for the Bureau of Meteorology district in which the camp is located.

On these Code Red days families are encouraged to enact their Bushfire Survival Plan – **on such days children should never be left at home or in the care of older children.**

For those of us living in a bushfire prone area, the Country Fire Authority (CFA) advises that when Code Red days are forecast, the safest option is to leave the night before or early on the morning of the Code Red day.

As part of preparing our school for potential hazards such as fire, we have updated and completed our Emergency Management Plan, reprioritised any maintenance works that may assist in preparing for the threat of fire and cleared our facility's grounds and gutters].

### ***What can parents do?***

- Make sure your family's bushfire survival plan is up-to-date and includes alternative care arrangements in the event that our school is closed.
- Ensure we have your current contact details, including your mobile phone numbers. Keep in touch with us by reading our newsletters and regularly checking Compass.

Most importantly at this time of year, if you're planning a holiday or short stay in the bush or in a coastal area, you should check warnings in advance of travel and remain vigilant during your stay.

If your child is old enough, talk to them about bushfires and your family's bushfire survival plan.

You can access more information about children's services closures on the Department of Education and Training website – see <http://www.education.vic.gov.au/about/programs/health/pages/closures.aspx>

## PARENTS AND FRIENDS AGM

### Annual General Meeting

The Parents and Friends AGM will be held on Tuesday 3rd of March 9:30 a.m. in Stadium foyer.

After a fantastic 2019, the majority of our small team are retiring.

For the P&F to continue to run this year new members are needed.

Some of the activities P&F organise are:

- Second hand uniform
- Mother's Day & Father's Day stalls
- Easter and Christmas raffles
- Free dress days and other events that support the school

If you have any questions the current members will be available from 9 a.m. in foyer the morning of the AGM.

All are welcome including younger siblings.

## PLAY LEADERS

Play Leaders are now in action in the yard at Woodlands! Our Play Leaders are year 5 students who will be running games in the yard every lunch time for students in Foundation to year 3. If you have a child at Woodlands who sometimes has trouble finding things to do at lunch time, or who would just like to join in for some organised games, encourage them to join in!

# LEGO CLUB

Students last Friday had the opportunity to engage in free play at LEGO club. The first week was for students to be able to co-operate within a big group and build objects using their imagination. In the coming weeks there will be challenges and themes for LEGO club as well as some exciting brand new equipment.

# STEM

The grade 3 and 4s have been learning about Biology (all living things). They have been researching animals that they are interested in and this week the grade 3s are becoming botanists. They are studying plants and in particular studying leaves from outside and identifying how they are different shapes, sizes and colour.

# STEM

This was from our first introduction STEM lesson. For an introduction to STEM the students discussed what's been happening to our wildlife in our country recently. There is a little friend Gumnut the koala living in the STEM room and students got to learn the effects of bushfires on our poor native animal and what amazing volunteers and organisations are doing to support and help these national treasures. These photos here are of creative and caring students who built koala rescue centres and rescue vehicles out of LEGO.

## LOST PROPERTY

As all parents would be aware lost property is a big issue at Woodlands with over 900 students. As a parent it is extremely frustrating, expensive and inconvenient when your child loses their belongings. There is no magic solution, however the P&F are investigating a tagging system which we will keep you posted on. In the meantime my class, 5W will be taking over lost property. This is what you need to know:

It is ESSENTIAL you LABEL all items that come to school. This way if found it will be returned to your child's classroom. I personally label my student's jumpers with a fabric paint on the inside of the neck so the label can't be cut off and I only use our surname so jumpers can be shared. YES I've still had my kids lose jumpers that haven't been returned so that isn't a solution but it definitely minimises it.

Any items found that are unnamed or unable to be returned (name illegible, students left the school etc.) will be hung on a rack outside room 27 from 8.45am and until approx. 4.00pm EVERY day for parents and students to look through. Please be mindful that you don't just take any jumper as this has a flow on effect. Anything left on this rack after a term will go to the second hand uniform shop.

Yes, there will be occasions where your jumper goes home with the wrong family and sometimes isn't returned, but there have been many times where this is accidental and they have been returned once parents notice when they do the washing. Sometimes this takes a week or more. There is nothing we can do to stop jumpers from getting into the wrong bags BUT if you label them well and if you return them to school as soon as you notice you have the wrong one this will minimise them permanently vanishing.

We will have two tubs outside Room 27 for students to drop in things that they "FIND." One will be for toys, lunchboxes etc. and the other for clothing. Anything of value (watches, jewellery etc.) will still go to the office for safe keeping. I will talk to the students at assembly and encourage them to leave things where they have been forgotten until the END of lunchtime as students often go back for their thing when the bell goes.

As you can imagine the task of sorting, returning locating etc. takes a lot of my time and effort so please be mindful of this fact if you don't get your things back immediately, I have a class full time and they are my number one priority when I am at school.

Any rubbish or food in lunchboxes will be thrown out immediately.

Thanks for your help and support. Please encourage your children to be responsible for their own belongings. If they take off a jumper during lunch or recess they should put them at their own classroom door or tie them around their waist. Don't bring anything to school that is Irreplaceable or too precious. Electronic toys should not be brought to school or taken outside.
