

HAPPY PRINCIPAL DAY!

Happy Principal's Day to our Principal Mr Gallagher and Assistant Principal Mr Amery! Friday 7th August is Principal's Day and our students have sent in their beautiful video messages, cards and letters to show their appreciation. Thanks Mr Gallagher and Mr Amery for all that you have been doing—particularly during this really tricky time as we make the best of remote learning.

If you have any special pictures, letters or messages for Mr Gallagher or Mr Amery, please feel free to drop them in the Woodlands mail box if you can incorporate it into your daily exercise outing!

QUOTE OF THE WEEK

Take life day by day.

Be grateful for the little things.

**Don't get caught up in what you
can't control.**

FACE MASKS

We have had confirmation from DET that primary school students will not be required to wear a face coverings at school. This will remain the choice of each individual family.

Staff will be required to wear a face covering at all times, other than when they are teaching their students.

Parents/carers will be required to wear face coverings whenever they leave the house, including for school drop off and pick up.

More detailed information as well as current advice on masks is below.

Students who attend primary school for on-site supervision will not be required to wear a face covering. Students who are aged 12 by Year 6 will not be required to wear face coverings. The Victorian Chief Health Officer has advised that it is not practical to require some primary school students to wear face coverings while others are not required to.

Teachers and education support staff will not be required to wear face coverings while teaching, but those who wish to do so, can. Teachers should wear face coverings in other areas of the school when not teaching (for example, in the staffroom, on yard duty and when providing first aid or taking temperatures), and when travelling to and from school.

The Department of Health and Human Services website has [advice about face coverings](#), including:

- different types that can be used
- how to make your own
- how to safely wear
- how to safely remove.

2021 ENROLMENTS

ENROLMENTS ARE NOW CLOSED

We have exceeded our numbers for enrolment applications for our 2021 Foundation intake. Acceptance letters will begin going out in the next few weeks.

If you have a child with a sibling starting at Woodlands in 2021 and haven't returned your enrolment form yet, we are urging you to get this in ASAP to avoid missing out.

All other information and forms are on our website www.woodlandsp.vic.edu.au to download and view. Alternatively you can come to collect and return your form at the front door of the office.

STEM- Term 3

The students have made a magnificent start to their term 3 online learning in STEM.

The grade 3 and 4s have been continuing on with their computer science topic, focusing on programming and coding and the way in which technology is used and how it can benefit our lives.

A Food Making Robot Design
What do you want your robot to be able to make for you? (Examples: ice cream, chips, pizza.)

icy-poles

What features are going to be on your robot to be able to make the food you want it to? (A robot to make ice cream is going to need a fridge to keep the ingredients cold and a freezer to keep the ice cream frozen. A pizza making robot is going to need an oven and a place to store the ingredients also.)

freezer, flavoured water, icy pole sticks, freezing tray, robotic arm that gives me the icy-pole

How are you going to program your robot to do what you want it to do? (You might have a remote control, buttons on your robot to press or a phone connected to your robot.)

voice activated/controlled

Draw the design of your robot:

WELLBEING WEDNESDAY

Wellbeing Wednesday is bigger and better as remote learning goes longer and perhaps becomes a little more stressful! We're definitely seeing the value more and more, and the benefits for the students who are participating. Every Wednesday we are sending out a video from the Woodlands News studio that we hope will help keep our students engaged with the school during a time that it's not as easy to stay connected. We are loving seeing what students send back through Seesaw and how they are participating in the day, and the beautiful messages from students to staff provides a huge boost. As I'm sure you can imagine, remote learning is tough for staff too!

If you haven't had a chance to see the videos of what has been happening, here are a few pictures! And we highly recommend keeping an eye on Seesaw on Wednesday mornings for the next instalment!

A big thanks to Mr Sutton, Mr Dowling and Mr Birnie for jumping on board this term and helping out to make the day even more fun and engaging for our students.
