Environmental Club - Mrs. Clowes	Senior Art Room	<p>Students attending Environmental Art Club will be creating artworks using recycled materials such as water bottles, soft drink bottles, milk cartons, lids and other items that can be repurposed. By doing so the students will create beautiful items made from recycled items rather than items going straight to landfill. Students will also have the opportunity to create additional items that use art processes based around the environmental theme.</p> <p>Students will gain a sense of achievement from gaining new skills and knowledge and be able to share this with their class, wider school community, and family at home. <u>Please donate any recyclable items from home.</u></p>
Origami Club - Mrs. Dowling	Room 25 Yr4	<p>Origami Club is a lunchtime club for students of all ages, held every Monday afternoon. Students can explore the art of folding paper, where they'll not only create beautiful pieces but also develop essential skills such as coordination, fine motor development, and problem-solving. Woodlands Disco Club - Mr Birnie	Basketball Amphitheatre	Finishing off the week in style on a Friday afternoon is the Woodlands Disco Club. Come on over to the Basketball courts for a boogie and a sing-along to your favourite song, or even your friends'. This is a great way for students from differing classes and year levels to integrate and socialise together. Song requests are available but you've gotta get in quick! Either way, there's lots of fun to be had for students of all age groups at the Woodlands Disco Club!
