POLICY

1. School profile

Woodlands opened at the beginning of the 1996 school year with an enrollment of 121 children. Our school quickly established itself as a highly effective school and leader in the provision of quality educational programs.

We have around 900 students that attend Woodlands Primary School. Quality educational programs that focus on the development of the total child are a feature and continued professional growth and commitment ensures future success.

Woodlands is an integral part of the Langwarrin community and involvement from parents and community groups is encouraged. It will always be the aim of the school to provide the best possible education for the children with all children given the opportunity to achieve their own level of excellence. At Woodlands we provide the best possible education for every student in an exciting, challenging and rewarding environment. We are at the leading edge of learning with committed, talented staff who maintain the highest standards of knowledge, skill and care for students. We believe that we are at the centre of educational service in the community, sharing facilities and a commitment to a learning network from Preschool to Year 6 and beyond. Woodlands provides a comprehensive curriculum developed through planned learning programs which encompass all stages of learning.

In 2017, Woodlands Primary School partnered with Langwarrin Primary, Langwarrin Park Primary and Elisabeth Murdoch College to create the Langwarrin positive education network. The creation of the THRIVE program promotes a focus on actions that each member of the school community can do to foster their own wellbeing. This program continues to become embedded in the culture of Woodlands Primary School, and is widely promoted through signage, behaviour management approach, excellence awards, classroom content, and the language used throughout the school.

At Woodlands we aim to provide a caring environment that will enhance learning, personal growth and wellbeing for all students. We are committed to meeting the individual needs of all students and ensuring that each child reaches their full potential.

2. School values, philosophy and vision

Woodlands Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity, alongside our school values of loyalty, endeavour, friendship and perseverance.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

3. Wellbeing and engagement strategies

Woodlands Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. We recognise the importance of student friendships and peer support in helping children and students feel safe and less isolated. 6. Student behavioural expectations and management

Behavioural expectations of students are grounded in our school's Statement of Values/Student code of conduct.

Violence, bullying, and other offensive and harmful behaviours such as racism, harassment and discrimination will not be tolerated and will be managed in accordance with this policy. Bullying will be managed in accordance with our Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, Woodlands Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implements positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate
