Environmental Club - Mrs. Clowes	Senior Art Room	<p>Students attending Environmental Art Club will be creating artworks using recycled materials such as water bottles, soft drink bottles, milk cartons, lids and other items that can be repurposed. Students will also have the opportunity to create additional items that use art processes based around the environmental theme.</p> <p>Students will gain a sense of achievement from gaining new skills and knowledge and be able to share this with their class, wider school community, and family at home. <u>Please donate any recyclable items from home.</u></p>
Signing Club - Ms. Morgan	Auslan Room	<p>Signing Club is an opportunity for students to learn how to sign their favourite songs.
